Administration of Oaths

President Walker introduced the Honorable Mary C. Morgan, Judge, San Francisco Municipal Court, who will administer the oath of office to those persons who were elected and requested each person named above to please rise and stand at their respective desks.

Thereupon, Judge Morgan administered the oath of office to the following members of the Board of Supervisors:

Supervisors Alioto, Britt, Gonzalez, Hallinan, Hsieh and Kennedy.

An Oath of office had been previously executed and copies duly delivered to the Clerk of the Board in the case of Supervisor Hallinan, effected by the following official: Vincent Hallinan, having been sworn in as Deputy Clerk in order to give his son, Terence Hallinan, the oath of office on January 8, 1989 at Castagnola's Restaurant.

Remarks by Retiring President Nancy G. Walker

Two years ago today I inherited the Presidency from Supervisor Jack Molinari. I want to acknowledge a few people for their help above and beyond the call of duty. John Taylor, Clerk of the Board

Monday, January 09, 1989

has been tremendous - I should note that he does a stunning job for this Board and the City and receives precious little acknowledgement for it. The clerk's office generally - all of you have been wonderfully supportive and I am grateful. My aides, past and present Kate Monico-Klein, Erik Shapiro, Rita Boyle, Jean Mariani and auxillary staff Amy Weaver and Amanda Feinstein. The Employee Relations folks, Jeff Sloan, and Joanne Auerbach in particular and the City Attorney's Office particularly Buck Delventhal, Ted Lakey and John Holtzman. My family and most especially the significant other in my life who declines these ceremonies unless hog-tied, John Gantner, who has been patient and supportive throughout.

This Board has also taken some serious assaults from without and to a lesser degree from within. We have weathered those because this Board is composed of people who, within their diversity - care for this City and its people. We will miss Carol Silver and Jack Molinari, their shoes will not be easily filled. Today, however, we begin to weave our legislative fabric with new threads. The potential is exciting and the times are challenging.

As I extend my personal congratulations to those of my colleagues who have been re-elected and my warm welcome to our newest members I want to recite a litney of problems and questions which must be dealt with and answered by this Board.

We are the Legislative Body of the City and County of San Francisco. To us falls the setting and determining of public policy. Whether it be homelessness, overcrowded jails, where and how and even whether to increase the supply of housing in our City, what is our vision of the future and how do we take care of our elders and our children. There are critics of this Board who talk about our municipal foreign policy. To those people and to our new supervisors I say - the amount of time this Board has spent and spends of "inappropriate activity" is insignificant. What this Board does and what I hope it will continue to do is respond to the people who live and work in our City - many of them come from far away and bring with them their concerns and worries for the places and people they left behind. I submit it is appropriate for this City to respond to their concerns. It is after all one, increasingly small world.

This year we must once again grapple with difficult municipal financing. Working with Mayor Agnos, the Controller, Sam Yockey and the Budget Analyst, we will provide for our people in an increasingly effective, efficient and humane way.

Now as I leave the Chair, may I compliment you, my colleagues. You have been - for the most part - a splendid group of people and I enjoyed very much being your President. I am proud of you and of us and the work that we do; you all deserve a great deal of credit for the fact that this City continues to be one of the world's favorite cities. Not to mention home of the soon-to-be-Super Bowl champion San Francisco Forty-Niners! I will never forget the trust that the people of this city displayed in me in the 1986 supervisorial election.

Monday, January 09, 1989

Now, I greatly look forward to returning to the floor and participating in the action, as it were, with my good friend and extremely capable colleague, Harry Britt, sitting in this Chair. It is with great pleasure that I now ask Supervisors Ward and Hongisto to escort President Britt to this podium. Thank you all very much.

Installation of President Harry G. Britt

The outgoing President, Nancy G. Walker, requested that Supervisors Ward and Hongisto escort the newly elected President to the rostrum.

Presentation of Mayor Agnos

President Britt, upon assuming the Chair, indicated it was with great honor, as his first act, to officially welcome to our Chambers the leader of our City, Mayor Art Agnos.

Remarks by Mayor

Mayor Art Agnos expressed delight in joining with the families, friends and supporters of the new and senior members of the City's official family on this joyous occasion and presented brief remarks concerning the difficult challenges they will be facing as they begin the decade of the 90's. He wished Supervisors Alioto, Britt, Gonzalez, Hallinan, Hsieh and Kennedy, the "Class of 89", the same success in achieving their goals as the San Francisco 49ers.

The Mayor gave personal thanks to Supervisor Walker because of her intelligent, diligent and devoted public service she has shown and welcomed her continued help and support.

The Mayor congratulated President Britt for being the first member of the Gay community to be elected President of the Board of Supervisors.

Presentation of Plaque

President Britt, on behalf of the entire Board, presented a commendatory plaque to President Walker, memorializing her term as President of the Board for the period January 8, 1987 to January 8, 1989.

Requests Granted

There being no objection, the Board directed the Clerk to comply with the following requests:

By Supervisor Kennedy, that letter be sent to General Manager, Recreation and Park Department, relative to the baseball field adjacent to McLaren Park (Coffman Park) inquiring whether the concerns raised regarding unmowed grass and sodden and mushy outfield could possibly be caused by lack of use and lack of drainage and whether building a trench filled with gravel and 4" PVC pipe would make the field mowable and hence usable .

By Supervisor Kennedy, that letter of inquiry be sent to the Police Commission to determine whether a police koban may be installed in Visitacion Valley.

By Supervisor Kennedy, that letter be sent to Chief Administrative Officer inquiring why he has decided not to implement the crosstown tunnel component of the original master plan.

By Supervisor Kennedy, that letter be sent to Director of Public Works inquiring whether a schedule of undergrounding may be provided, including the original estimated date of commencement and the current projected date of undergrounding for each undergrounding district and whether a map indicating the whereabouts of such districts may be provided.

By Supervisor Nelder, that City Attorney draft appropriate legislation granting lease to the San Francisco Police Activities League for the Polytechnic High School Boy's Gymnasium, authorizing leaseholder to fund repairs deemed necessary, to upgrade the interior and to provide for repairs guaranteeing the seismic safety of the building and requesting City Attorney negotiate with any other agency involved.

By Supervisor Nelder, that City Attorney draft appropriate legislation creating uniform fee schedule for occupancy of all or portions of public streets during the facilitation of private development.

By Supervisor Nelder, that Budget Analyst respond to the following questions: Given that State law mandates all construction employees on a public works project be paid as journeymen at the wage prevailing for that task in the industry, with the exception of certified apprentices who are to be paid at a lesser wage rate which is also determined by the industry, and given that the prevailing

Monday, April 24, 1989

wage for journeymen in the building trades is a \$30 per hour wage package, and that the comparable wage package for apprentices is \$12 per hour, and given that the industry standard in the building trades mandates that for every 4 journeymen on a specific project there shall be one apprentice employed, and all employers signatory to an apprenticeship agreement are bound by this standard:

1. Since the wages paid by a private contractor on a public works project which requires 20 employees will be less if the contractor is signatory to an apprenticeship agreement, what is the differential per 8 hour workday, per employee; per 8 hour workday, per five employees; per 8 hour workday, per 20 employees;
2. If the City is currently paying a contractor who is not signatory to an apprenticeship agreement \$100,000 less for a specific public works project than the amount estimated as the cost for the same job if performed by a signatory contractor; using the same number of employees (20); and if wages account for 50% of the contractors' costs on the project, how much less would the project cost the employer (and presumably the City) if the non-signatory contractor became signatory to an apprenticeship agreement and therefore subject to the above-described industry standards.

By Supervisor Nelder, that letter be sent to Director of Public Works requesting response to the following questions regarding street occupancy fee schedule: is the fee charged to all private developers for the occupancy of all or portions of public streets during the facilitation of private development; are there circumstances under which no fee would be charged to private developers for occupancy of all or a portion of public streets and when occupancy fees are charged, upon what basis is the amount determined.

By Supervisor Walker, that City Attorney advise as to legality of implementing sticker stamp system for Small Business Tax Registration.

By Supervisor Ward, that City Attorney draft appropriate legislation requesting the Chief of Police establish a special community relations and drug task force that would reflect the communities of Bayview Hunters Point and Sunnydale by being at least 80 percent Black and having representatives of all ethnic groups.

By Supervisor Hallinan, that City Attorney draft appropriate legislation which would confine existing gasoline stations to automotive uses and establish a moratorium on conversion of gasoline stations to other uses until such legislation is enacted.

By Supervisor Hallinan, that City Attorney prepare opinion whether oil companies which produce more than a specified quantity of gasoline can be prohibited from ownership and operation or required to divest ownership and operation of retail gasoline outlets.

By Supervisor Hongisto, that City Attorney provide opinion whether the federal forfeiture statute can be used in San Francisco to assist in evicting public housing tenants who are dealing illegal

drugs and whether this federal law supercedes state and local laws. This law is currently being used in Chicago in collaboration with the U.S. Attorney's Office to seize apartments known to be used in drug-related activities.
